Corporate America Supports You and the Military Spouse Corporate Career Network (CASY-MSCCN) are proud to announce their ground-breaking job creation program called Troops to Transportation & Logistics™. Mr. Shawn Leonard, Founder & President of AB Transport, Inc., has been selected to lead this endeavor as the Senior Advisor.

Leonard has an extensive background in the transportation and logistics industries and has a deep appreciation for those who serve and the families who support them. As a passionate entrepreneur and leader, Leonard is driven to give back to those who serve their country and make an impact in both their lives and the economy. In 2011, Leonard approached CASY-MSCCN about adding himself along with the AB Transport, Inc. family as a resource to help the military, veterans and their spouses/caregivers develop rewarding careers.

As Senior Advisor for the CASY-MSCCN Troops to Transportation & Logistics program, Leonard provides professional insight and direction, employment opportunities and relationship building. “I feel honored to be put in a position where I and my family at AB Transport, Inc. can use its skills and relationships to help our military; especially the troops who are returning and wounded warriors. It’s fulfilling in countless ways,” states Leonard, “The military instills the skills necessary to succeed in many industries and we’re ready to match our hero’s with careers that best fit their skill set.” Along with CASY-MSCCN, Leonard and the AB Transport, Inc. family are on a mission to make an impact on the lives of thousands in the military, veterans and their spouses/caregivers.

“The Troops to Transportation & Logistics program is not just about truck drivers,” states Deb Kloepfel, Founder of CASY and MSCCN. “These positions are in all levels of transportation and logistics and are a perfect fit for our military, veterans and their spouses/caregivers.”

**Troops to Transportation and Logistics™**

The Troops to Transportation & Logistics program has the opportunity to have direct connections to the over \$400 trillion world of commerce. This Program is not committed to any one organization, company or industry. What does this mean? It means we have the ability to directly place wounded warriors, returning troops, veterans and their spouses/caregivers into an industry that has no limits to training and job placement locally, regionally or globally.

**We don't have to sell the mission to the transportation industry—it already believes in supporting the military daily.** Being the leader and breaking ground on this new Program will directly help our warriors and their families' transition into civilian life inside their civilian career with a support system that is second-to-none. CASY-MSCCN will provide their famous and trusted "boots-to-ground" employment readiness and job placement solutions to their military affiliated applicants. We feel confident that this Program will develop into thousands of career opportunities on a global level.
